

**Mike McAuley**  
**Operations Team Leader**

Mike joined DeepStore 14 years ago and manages a team of nine who complete daily retrievals for DeepStore clients, which include scan on demand, destructions, urgent and bulk retrievals.

Four months ago, Mike was involved in an off-site, specialised client uplift of highly fragile historical material for a local institution, where the team packed and relocated a large library of historical media material from a humidity-controlled storage facility.

Outside work, Mike coaches his youngest son's football team (Winsford Colts U7s), and he is a Level 2 Amateur Boxing Coach at Winsford ABC. He also sings and plays guitar across the North West with his band The Thingyos.
