

DeepStore and Compass Minerals employees donated 12 boxes of food and toiletries to the Mid Cheshire Foodbank to help local people during the summer holiday. These emergency supplies support children who would normally have a school meal provided and don't have access during the summer.

Shown left to right with the donated boxes of food are Charlotte Mitchell, Head of Operations from DeepStore, and Compass Minerals employees Martin Moores, IT Service Engineer; Zoe Sergeant, Customer Service Co-ordinator and Dan Holland, Surface & General Operative. #teamwork #community #clearlyessential
