

Compass Minerals and DeepStore are proud to announce that over 90% of our company waste is recycled, reused or converted to electricity. Our goal is to achieve zero waste by the end of 2020. Our employees are encouraged to minimise waste whenever possible - through initiatives such as reusable drinking cups and bottles, to reduce plastic waste at source.  
#recycling #zerowaste #clearlyessential

Our Zero Waste Management Team Committee (LtoR): Chris Firth, Charlotte Mitchell, James Noblett, Richard Thomson, Gordon Dunn, Phil Johnson, Craig Trimby.
